

INTER-DISTRICT OPEN ENROLLMENT

The Board of Education shall permit the enrollment of students from an Ohio district in a school or program of this district, provided each enrollment is in accordance with laws and regulations of the State concerning Inter-District Open Enrollment, the provisions of this policy, and the administrative guidelines established to implement this policy. The following is a list of terms relevant to this policy/procedure.

Home District

Open Enrollment

Inter-district open enrollment permits the admission of students to this District from adjacent districts or any other district in Ohio.

A student who resides in this district and is referred to in the statute as a Resident Native Student.

Other-District

Any school district in Ohio.

Other-District Student

Tuition Student

A non-resident student who is enrolled in this District on a tuition basis.

Program

Any one of the specific course offerings of this District.

Program Size

Racial Balance

“Racial” refers to minorities classified as African-American, Asian-American, Hispanic-American, or Native-American students. “Balance” refers to the percentage of “racial” students in a District program, classroom, or school.

Racially Isolated Building

A racially isolated building refers to a school district building in which the racial composition of the students varies significantly from the overall composition of the school district.

Maintaining Appropriate Racial Balance

It is the intent of the Board to maintain an appropriate racial balance as required by law.

The Superintendent shall prepare guidelines for the implementation of this policy in ways that comply with relevant State laws and guidelines and establish procedures that provide for the following:

- A. Nondiscrimination on the basis of grade level, including preschool disabled; academic ability; English language proficiency; or any level of artistic, athletic, or extra-curricular skills. A student's application cannot be denied because of disciplinary action in his/her home school, except for a suspension or expulsion for ten (10) consecutive days or more that occurs in the current semester or the semester immediately preceding the application. If the district does not currently provide services required for a disabled, adjacent-district student, his/her application may be denied.
- B. Application procedures including the criteria by which applications from adjacent-district and other-district students shall be reviewed and prioritized. District students and any adjacent-district or other-school district students previously enrolled under the provisions of this policy shall be given priority.
- C. Maintenance of appropriate racial balance in district schools, classrooms, and programs.
- D. Communications with applicants and their parents concerning this policy and the district's guidelines, including the timelines for application and notification of acceptance or rejection.
- E. Athletic eligibility complies with State regulations and the provisions set forth by the Ohio High School Athletic Association.
- F. Any transportation provided by the district for an adjacent-district or other-district student takes place within established bus routes and bus stops within the district. High school students are not transported.
- G. Set district capacity limits by grade level, school building, and educational program.

This policy shall be reviewed annually by the Board to determine whether to adopt a resolution to continue the policy or to rescind Inter-District Open Enrollment.
